

GREATER PORTLAND SUSTAINABILITY EDUCATION NETWORK

A Regional Centre of Expertise on Education for Sustainable Development

January 2016 Newsletter

Educate ~ Empower ~ Engage

GPSEN connects diverse organizations across the greater Portland region in a collaborative network that multiplies our collective capacity to educate for a more sustainable future.

Support the network and become a partner at: gpsen.org

GPSEN News

Welcome to 2017!

We sure hope that it is starting out well for you. 2016 was a big, daunting year and 2017 will likely have its own roller coaster curves. However, we are confident that we are stronger when we work together. So, let's continue to build partnerships and discover synergies for a better world.

We definitely saw the power of collective impact in reflecting on this past year and all that you and our GPSEN team accomplished. For details, please check out our [2016 Annual Report](#).

2017 is already starting out big, with our upcoming Sustainability Symposium, on January 27. We are excited to have a great line-up of speakers, with [Amy Pearl](#) as our keynote speaker, in addition to presentations, workshops, posters, table displays, a networking reception, and an awards ceremony. Be sure to [register today!](#)

Plus, we will be piloting our new Hope and Resilience training on February 10. Keep an eye out for the details.

GPSEN believes in the power of education for a sustainable future. Let's continue to connect and think about how to increase our impact!

Interested in having your event, news, or resources in our newsletter?
Share them with the GPSEN community via our [submission form](#).
If you have questions, please contact contact@gpsen.org.

GPSEN Events

Sustainability Symposium

Friday, January 27

1:00 pm - 9:00 pm

Portland Community College Sylvania
12000 SW 49th Ave. Portland, OR

Co-hosted by GPSEN and PCC, the Symposium will highlight academic and community research on sustainability issues in the greater Portland region.

Enjoy keynote speaker Amy Pearl, of Hatch Innovation and winner of the [Portland Business Journal's 2015 Women of Influence Award](#), as well as presentations, workshops, a poster session, tabling, a networking reception, and an awards ceremony. Join us in learning about and celebrating the amazing sustainability work in our region.

[Requests for Proposals](#) for posters and tables are still being accepted. Interested in [becoming a sponsor](#)? Your support is much appreciated.

Registration is open, so be sure to [register today!](#)

We offer two tiers of tickets (General- \$10 and Student- \$5). If you wish to attend and cannot afford a ticket, please email: contact@gpsen.org. All are welcome.

Hope and Resilience Training

Friday, February 10

10:00 am - 4:00 pm

Portland Community College Cascade
705 N. Killingsworth St. Portland, OR 97217

Thanks to the generous support of PCC's Green Initiative Fund, GPSEN has hired two ecopsychologists to create a powerful new training for our community, focused on how to have hope and resilience during these trying times. Students from higher education institutions around the region will have the opportunity to be a part of this pilot project, gaining the knowledge, inspiration, and skills to become change agents in their communities.

Please save the date and help spread the word. More details to come on registration.

System Science: A Cornerstone of Environmental Education

Friday, January 6

4:00 pm - 6:00 pm

PSU Harder House

1604 Southwest 10th Avenue. Portland, OR 97201

Milt Markewitz and Foster Gough will co-present on the importance of understanding and teaching of Living Systems and the shift in consciousness that is informed by Indigenous Principles and Native Science. Underlying the presentation is the belief that a paradigm shift is required in Western science (and thus System Science) if we are ever to reverse Global Climate Change (GCC).

Join this lively conversation on the changes necessary in System Science at PSU, how best to introduce this work to the University, and the impact of our work on Environmental Education. Please read, [Global Climate Change: Vital Signs of the Planet](#), as well as view the following videos from [Six Nations Iroquois Confederacy spokesperson and faith keeper for the Onondaga Nation Oren Lyons](#), and [Blackfoot scientist Leroy Little Bear](#) (Particularly 3:56 - 12:35), and read the enclosed Amazon Description of Dr. Gregory Cajete's, Native Science: Natural Laws of Interdependence.

ISSP Portland Chapter Meeting

Wednesday, January 18

5:30 - 7:00 pm

City of Portland

1900 SW 4th Ave, Conference Room 7A (7th floor)

This month's [International Society of Sustainability Professionals](#) Portland Chapter meeting topic will be: "City of Portland Climate Action Plan: Setting GHG Reduction Goals and Implementing Them," led by speaker Kyle Diesner, Policy Analyst at the City of Portland [Bureau of Planning and Sustainability](#) (BPS). With BPS since 2003, Kyle works primarily on climate change planning, energy efficiency, and renewable energy programs and is currently in charge of completing the annual inventory of carbon emissions for the City and Multnomah County. Kyle also serves on the BPS Workplace Excellence Committee and dedicates time to the Bureau's social equity initiatives.

The meeting is free, but [pre-registration](#) is requested.

MLK Jr. Day of Service 2017

Monday, January 16

Warner Pacific College - Auditorium

2219 SE 68th Ave. Portland, OR 97215

Campus Compact of Oregon hosts an annual MLK Jr. Day of Service in the Portland metro area, that regularly attracts the largest number of college students to any MLK

Day event in the state.

Planning for our 2017 event is in full swing, and we are excited to put on the event at Warner Pacific College this year, with participation from Concordia University, George Fox University, Mt. Hood Community College, Portland Community College, and Portland State University.

[Registration is Now Open!](#)

The Practice of Hope

Saturday, January 28

9:00 am - 12:00 pm

First Christian Church

1314 SW Park Ave, Portland

Originally developed at the request of Port Townsend Earth Day organizers, with portions covered in our TEDx talk on hope, this three-hour workshop addresses the following question: Living in a society where “bad news” is so prevalent, is authentic hope possible? Through presentation and small group discussion, we will discuss “hope” as an intentional practice, and explore its relationship to activism, and how to remain aligned with hope over time. There is no cost, but pre-registration is required. To reserve your space, or for more information, contact Jessmine at info@earthleaders.org or 503-227-2315, or [click here to register](#).

Will Jellyfish Rule the World?

Monday, January 30

8:00 pm EST

The next Climate Stewards Book/Discussion Club Meeting will focus on [Will Jellyfish Rule the World? A book about climate change](#) by Leo Hickman. Available in digital or used condition very inexpensively. The book breaks down the causes and effects of climate change in a fresh, fun and easy-to-follow format. Packed with practical everyday things we can all do right now to make a difference, *Will Jellyfish Rule the World?* is a comprehensive, easy-to-use eco-handbook for classroom use.

To join the discussion dial into the toll free number [866.662.7513](tel:866.662.7513) and use the Pass Code **1170791#**

Agent of Change Training

February 27, March 6, 13, & 20, April 17

6:00 – 7:45 pm or 7:00 – 8:45 pm

Center for Earth Leadership

Downtown Portland

The recent presidential election calls us to advance sustainability and ecological awareness through heightened citizen action in our local communities. During the training, each participant will develop a vision and plan for how to participate in the Portland area citizen response. You will be given tools and strategies to develop a project, with input from others in your group. Specific topics covered include:

1. Goal of cultural change; clarifying your vision
2. First steps of an agent of change

3. Developing a strategy to move toward your vision
4. Inviting others to join you
5. Maintaining momentum over time

There is no charge for the training, but advance registration is required. To reserve your space, or for more information, contact Jeanne Roy at 503-227-2315 or jeanne@earthleaders.org. Or check out their [website](#).

Classes, Workshops & Conferences

Grad School Programs for Sustainability Education (PSU)

Thursday, January 5: Info Session for Educational Leadership Doctoral Program
5:30 - 7:30 pm
PSU - Fourth Avenue Building (FAB), Room #264
1900 SW 4th Ave

Applications are now being accepted for the Doctorate of Education in Educational Leadership. New for 2017, a Leadership for Sustainability Education focus through the Post-Secondary Education specialization is being offered. More information about the program (and the information session) can be found [here](#).

Thursday, January 12: Info Session for Leadership in Sustainability Education, Masters Program
11:00 am - 12:30 pm
PSU - Fourth Avenue Building (FAB), Room #30 (enter on SW Harrison)

Meet the [Leadership in Sustainability Education](#) faculty and students! Bring your questions to our 2017 LSE prospective student gathering. — [RSVP here!](#)
Applications are now being accepted for the Master's degree in Leadership for Sustainability Education. More information about the program (and the information session) can be found [here](#).

Webinar: NOAA Climate Stewards Education Project

Monday, January 9
4:30 - 6:00 pm

January's topic is: The United States and Climate Change: Mitigation and Adaptation through Existing Federal Environmental and Natural Resources Laws.

It's easy to accuse the United States of doing little to address climate change: The Federal government has yet to enact comprehensive climate change legislation, embrace enforceable national goals for greenhouse gas emissions reductions, or create a national climate change adaptation strategy. NEVERTHELESS, Federal agencies, Federal courts, and citizens and environmental organizations have been evolving existing environmental and natural resources laws to address and cope with climate change. This webinar will provide an overview of several existing Federal statutes -- the Clean Air Act, the Clean Water Act, the Endangered Species Act, and others -- and discuss how agencies and citizens are using them to both mitigate and adapt to climate change.

Space is Limited! Reserve your seat by [clicking here](#) or check out NOAA's website for more information about their [Climate Stewards Education Project](#).

Webinar: Weathering Food Safety

Did you miss [NOAA Climate Stewards](#) webinar: *Weathering Food Safety: Assessing Climate Change Impacts On Our Food* presented by Dr. Marianne Fatica, Consumer Safety Officer at the US Food and Drug Administration?

You can [watch an archive](#) of the whole broadcast.

ISSP's Webinar: Assessing Organizational Sustainability

Tuesdays - January 10, 17, 24, & 31

9:00 am - 10:30 am

As more and more businesses move towards the forefront of sustainable development, the first step is to understand their own impacts and operations. ISSP's January 2017 course covers the fundamental concepts and tools of assessing the sustainability of businesses, nonprofits, and other institutions, with the end goal of weaving sustainability into all parts of an organization.

Taught by veteran sustainability consultant Darcy Hitchcock, this course will provide participants with a basic understanding of the S-CORE system, including the ten functional areas and practices common to all organizations. The course will help professionals understand sustainability "on the ground," and track progress towards it. It will also cover how S-CORE can translate sustainability into the language of business, expanding the understanding of sustainability principles and their value throughout any organization.

Darcy Hitchcock

ISSP members can audit the course for only \$30. [Learn more and register now!](#)

PSU's Elevating Impact Summit

Monday, February 13

8:00 am - 5:00 pm

Portland State University

Portland State University's Elevating Impact Summit finds, features, and connects over 400 pragmatic, creative people from around the world for a dynamic one-day program in downtown Portland, OR. From ancient mythology to future technology, Summit speakers will explore how we shape emergent industries and technologies with a lens on positive change, and consider how lessons from the past help us navigate an unpredictable future. The Summit also includes the Elevating Impact Pitch Fest, Impact Awards, interactive activities, a networking lunch, and a wine and beer reception.

Register with our 20% off Community Partner discount code: PARTNER17. For more information, [click here](#).

AASHE Conference 2017 Call for Proposals

Monday, February 13 (deadline)

We hope you will join us in San Antonio, Texas from Oct. 15 - 18. Expected to draw more than 2,000 participants, AASHE's annual conference is the largest stage in North America to exchange effective models, policies, research, collaborations and transformative actions that advance sustainability in higher education and surrounding communities.

We invite you to [submit a proposal](#) and share your knowledge, achievements, and ideas.

Washington Higher Education Sustainability Conference

February 16 - 17

Gonzaga University in Spokane

Join us at the Washington Higher Education Sustainability Conference! With the theme, "Caring for our Common Home," this year's conference will feature promising new developments in Washington and beyond, engaging students, staff, faculty, and community partners in creating a sustainable future.

Early Bird Registration ends January 10th.

Staff and faculty registration: \$160. Student registration: \$40.

For more information and to register [click here](#).

Course: Holistic Sustainability - Immersion Experience in Resilient Living

February 27 - May 19

May 29 - August 18

August 28 - November 17

This transformational [12-week program](#) teaches and inspires students in five spheres of sustainability — Personal, Social, Ecological, Economic, and Worldview.

It integrates classroom learning with an immersion experience in our 27-year-old intentional community full of interesting and progressive individuals.

Students earn two internationally-recognized certificates: the Permaculture Design Certificate (PDC), which is the global standard in permaculture education, and the Ecovillage Design Education certificate (EDE), anchored by Gaia Education and recognized by UNESCO.

Visit the course page [here](#), contact programs@lostvalley.org, or learn more about what the full program experience is like [here](#).

2017 UNU-IAS MSc and PhD Programmes

Tuesday, February 28

United Nations University's Institute for the Advanced Studies of Sustainability (UNU-IAS) is now accepting applications for September 2017 admission to its MSc and

PhD in Sustainability Science Programme. The application deadlines are 28 February 2017 (MSc) and 28 April 2017 (PhD). [Read more](#)

Tend the World Youth Forum

Wednesday, March 8

Portland State University

Many thanks to those that made it to last month's [Teach the World](#) teacher's conference, hosted by the [World Affairs Council of Oregon](#). Please let us know if you're interested in presenting at our "Tend the World Youth Forum" in March. We expect more than 300 high school students from across the region ready to learn about the environment and social justice! For more information contact:

Karen Ettinger
Global Classroom Manager
karen@worldoregon.org

Samara Chism-Winfield
Education & Evaluation Associate
samara@worldoregon.org

Holistic Teaching and Learning Conference

September 14 - 17

Ashland, OR

The [School of Education](#) at [Southern Oregon University](#) will be hosting its 2nd international [Holistic Teaching & Learning Conference](#) (HTLC) in Ashland, Oregon. You are warmly invited to attend and participate in this inclusive gathering of educators from many realms of holistic practice. The conference will highlight a diverse and inspiring range of approaches that embrace emotional, social, intellectual, physical, creative, artistic, and spiritual potential.

For more information keep an eye on their [website](#) in the weeks to come. Information about proposal submissions will be released in early January.

Jobs, Internships & Volunteer Opportunities

Internships: Growing Gardens

Friday, January 6 @ 5:00pm (Application Deadline)

Growing Gardens has two internship opportunities for Winter - Spring of 2017. Our mission is to promote home-scale organic food gardening to improve nutrition, health, and self-reliance while enhancing the quality of life and the environment for individuals and local communities. We build gardens in prisons, elementary schools, and homes with limited income.

- Social Media and Communications Intern: [learn more here](#).
- Events and Outreach Intern: [learn more here](#).

Job: Ecology Education Assistant (part-time)

[Ecology in Classrooms & Outdoors](#) is a unique place to work. Every individual is working toward our mission of connecting students to nature. We value our team, and trust one another to get our individual jobs done in working toward a greater good. The nature of our programming allows for some flexibility in work hours and locations - while we enjoy our time together as a team in the office, we recognize that sometimes the most effective work happens elsewhere. We value learning, and provide opportunities for our team to grow professionally through new skills training, conferences, and mentoring. Staff and board respect each other's commitment to organizational success. At ECO, we are all working for the good of the organization and the good of the communities we serve.

For more information [click here](#).

Job: Learning Garden Coordinator

The Learning Garden at Portland Community College Rock Creek is seeking a full time, salaried Learning Garden Coordinator. The Rock Creek Learning Garden is a 3.6 acre production-based educational farm that promotes interdisciplinary academic achievement, leadership development and sustainable food systems through experiential education, and produces over 10,000 lbs of food each year. The Learning Garden is home to ~1 acre in annual food and flower production, as well as a 60+ tree orchard, perennial fruits, a community garden, worm nursery, earthen oven and more.

For more information [click here](#).

Job: Executive Director at Sauvie Island Center

Portland-based [Sauvie Island Center](#) is seeking candidates for a .75 FTE Executive Director position. The Sauvie Island Center serves elementary school youth of the Portland metro area by providing hands-on educational field trips at its Sauvie Island location in Howell Territorial Park, managed by Metro. Through its education programs, the Center seeks to increase the food, farm and environmental literacy of the next generation.

The field trips take place on the [Sauvie Island Organics](#) farm, and the curriculum includes modules covering Soil Investigations, Plant Parts Investigations, and Wildlife and the Food Chain. Our trips also include the Grow Lunch Garden, where students plant, tend, harvest and eat fresh vegetables from their own field.

Interested applicants can learn more about the position by [clicking here](#).

Internship: ZAP - Zoo Animal Presenters (Teens)

Wednesday, January 25 @ 5pm (Application Deadline)

The [Oregon Zoo ZAP Program](#), Zoo Animal Presenters, is a paid internship opportunity for teens (15-16 years old) interested in conservation, teaching, and/or working with animals. Each year, 10 teens are hired into the first year and openings are filled in the 2nd and 3rd years.

- **1st year** - First-year ZAP members take animals to summer events, community centers and after-school programs to give educational programs to kids.
- **2nd year** - ZAP members serving a second year work as counselors for the Zoo's Urban Nature Overnight (UNO) Program. They teach kids camping skills and nature awareness.
- **3rd year** - ZAP members serving a third year develop their own curriculum, provide education to ZooCamps, do hands-on conservation field work and work with UNO.

First Year: \$9.75/hour: 25+ hours/week summer, 5-10 hours/week school year

If you have any questions, feel free to reach out to us at zap@oregonzoo.org. We will also have a table at the December 30th [Youth Environmental Job Fair](#) and will be giving out applications there.

Internship: Zenger Farms

Friday, January 27, 2017 (application deadline)

Zenger Farm is a 501(c)3 nonprofit working urban farm that models, promotes, and educates about sustainable food systems, environmental stewardship, community development, and access to good food for all. Zenger Farm is a small-scale diversified production farm growing for a 125-member CSA, restaurants and for Zenger Farm programming. The core of our farm crew consists of 3-4 farming interns mentored very closely by two experienced farm managers.

Go to www.zengerfarm.org/open-position to learn about time commitments, responsibilities, qualifications, and benefits and to apply. Applications reviewed on a rolling basis with a January 27, 2017 deadline. Shorter Summer or Fall farming internships also available.

Volunteer: Field Trip Educators at Schoolyard Farms

Friday, February 3 (training)

9:00 am - 1:00 pm

Candy Lane Elementary School

5901 SE Hull Ave, Milwaukie, OR 97267

Beginning and experienced farm and garden-based educators alike are invited out to practice hands-on, place-based activities to get kids excited about FOOD. Schoolyard Farms is seeking Friday Farm Field Trip Volunteer Educators to lead hands-on learning stations teaching the ecology and stewardship of Soil (Fall), Water (Winter), and Food (Spring) throughout the school year. Training in sustainable agriculture practices, experiential education, and sharing nature with children is provided as we go through each farm and garden-based learning station together.

All Farm Field Trips and Trainings are held on Fridays, from 9:00 am - 1:00 pm.

Trainings: February 3; April 7; or May 5

Field Trips: February 10, 24; March 3, 17; April 14, 21, 28; May 12, 19, 26; and June 2, 9

All volunteers must: sign up on our google form, attend a volunteer training, be available to volunteer during at least two field trips, be willing to submit a background check

form, and collaborate with staff to track your earned hours. To sign up fill out the [Google form](#). For more information about the School Farmyard Program, check out their website: www.schoolyardfarms.org

Volunteer: Hands on Greater Portland

Hands On Greater Portland connects individuals and groups with volunteer opportunities that make a meaningful, rewarding change in the Portland area. Build a house. Tutor a child. Care for abandoned pets. Build hiking trails. Lead a volunteer group. Join a nonprofit Board.

Whether you are working, parenting, in school or retired, Hands On Greater Portland offers you a variety of ways to get involved while meeting your schedule and interests. Volunteer for a one-time project. Volunteer for a few weeks. Volunteer after work or on the weekends. Volunteer alone, with family, friends or co-workers. Get connected. Get more done. Have fun. You might even change the world. To learn more about the program, [click here](#).

GPSEN Fellowships, Internships, and Volunteering

There are many ways to sets to [get involved](#) in GPSEN! Consider becoming a fellow, intern, volunteer, committee or working group member to make a difference. Our new GPSEN Fellows position offers a great opportunity for individuals with particular research interests and skills to dig deeper into sustainability issues, in addition to serving in a valuable advisory role. Credit and non-credit opportunities are available for internships.

Grants & Resources

International Youth Leadership Exchange

January 13 & 15 (Application Deadlines)

In partnership with the [U.S. Department of State](#) and [World Learning](#), the [World Affairs Council of Oregon](#) is recruiting Oregon participants to participate in three [Youth Leadership Exchanges](#).

Program costs including air travel, lodging, food and cultural activities are all covered

by the US State Department. Student applicants must be U.S. citizens and 15-17 years old by the start of the exchange. Follow the application links below to apply and learn more.

- Iraq: July/August, 2017. Applications are due by January 15
- Brazil: April/May 2017. Applications are due by January 13
- Argentina & Chile: April/May 2017. Applications are due by January 13

For more information about the 2017 Exchanges [click here!](#)

Time for Ideas - Future of Higher Ed Challenge

January 20 (Application Deadline)

Our Future of Higher Ed Challenge has been truly astounding. At a divisive time in our nation's history, our team is humbled by the diversity of participants, personal stories, and opinions joining the Challenge. We cannot wait to watch this inspiration grow into collaborative, tangible solutions! A heartfelt thanks to everyone who has shared or responded with feedback and enthusiasm during the research phase.

After receiving nearly 250 research contributions, we've moved from sharing stories to developing solutions for the real world. If you are a student, are inspired by someone, or simply want to lend your design and innovation talents to this effort, we want to hear from you! All ideas are encouraged during this Ideas phase – from operating organizations to back-of-the-napkin sketches. Throughout the Challenge, we will be showcasing strong contributions on our website to spread these ideas to an even larger audience. In addition, we're excited to offer top ideas \$25K in design and bootcamp support, as well as invitations to present and workshop ideas at thought leadership events across the country.

Take a look at our Opportunity Areas – and share an idea, which you can edit or update at any point until January 20th. For more information [click here](#).

ISSP-SA Study Guide

The most comprehensive preparation tool available for the ISSP-SA credential exam is now available. The Study Guide walks readers through the Core Sustainability Concepts tested by the ISSP-SA exam. Whether a sustainability practitioner just getting started in the field or a veteran sustainability professional taking the ISSP-SA as a stepping stone for the ISSP-CSP credential, this Study Guide is the ultimate way to prepare for the exam.

[Learn more here.](#)

Resources: ForeverCurious

ForeverCurious is a group of educators and librarians who curate information online. We've recently gathered green and eco friendly resources as our way of helping save the environment for the long term. They have recommended some resources you may have missed:

[Getting Started with Green Living](#)

[Shopping Green for Your Pet](#)

[Guide to Green Parenting](#)

[Finding and Organizing Green Storage](#)

[Guide to Green Modifications for the Home](#)

Resource: Ocean Sustainability Teaching Module

InTeGrate is pleased to announce the publication of the complete [Ocean Sustainability](#) teaching module. This 2-to 3-week module introduces the importance of oceans, basic ocean processes, and impacts of human activity on ocean health. It aims to increase awareness of our dependence on and responsibility for the largest habitat on Earth. Materials encourage systems thinking by addressing physical, chemical, geological, and biological aspects of the oceans. Students study the oceans from these multiple perspectives using scientific data and engaging activities designed to support higher-level thinking. *Ocean Sustainability* is a great fit for courses in oceanography, environmental science, physical geography, marine biology, sustainability courses and marine science courses.

For more information about [InTeGrate](#) visit their website or [click here](#) for more information about their Ocean Sustainability module.

Sustainability Literacy Test

The new platform for assessing sustainability literacy is available! This assessment and learning instrument is free to use and is designed to create and nurture an awareness of both global and local sustainability challenges and solutions and highlights how to be effective at creating systemic change.

The Sulitest can be used within individual courses, across universities, and by businesses and communities, with standard and customizable formats. Use the Sulitest to help improve education for sustainable development in the US and internationally. You are encouraged to provide feedback on the new version to assist us with the process of continuous improvement, and become part of the group of researchers using the data. For more information, go to www.sulitest.org.

After-School Tutoring Program

Mondays and Wednesdays

4:00 pm - 8:00 pm

The CENTER

3510 N. Vancouver Ave (cross-street Fremont) Portland, OR

Could your students use a little extra help with their homework? Would they benefit from some free tutoring by experienced educators? Would they like a productive space to study? Perhaps they could use help with college applications or scholarship essays. The CENTER is launching an after-school drop-in tutoring program for youth, ages 11-18, in North/Northeast Portland.

We are looking for experienced and/or retired educators to donate a little of their time to students in need of help with their academics. If you have experience teaching or tutoring in any academic discipline, please consider joining our staff We're especially interested in volunteers who have connections to the neighborhood surrounding the CENTER.

Want to know more? Go to: www.thecenterpdx.org

ShareOregon

Started by EEAO board member Rick Reynolds, [ShareOregon](#) continues to grow as a free online community resource that highlights events and resources in Oregon. Check it out and feel free to post your events, activities, volunteer opportunities, and more!
